Message from Principal's Desk

We believe in a joyful experiential learning system wherein, each child is encouraged to participate wholeheartedly! At Kendriya Vidyalaya, AFS, Memaura, we leave no stone unturned to offer multitudes of opportunities to our children; it is for them to make most of it. Children should be motivated to grab every opportunity that comes their way which would not only help in their holistic growth but also strengthen their belief in teamwork, which is important in this fast-paced world. They need to understand the importance of emotional balance, critical thinking, and most importantly accepting failure graciously. It is our strife to endow them with all these qualities and more.

We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society! Our pedagogy which is holistic and comprehensive complements this. We have a team of fabulous teachers who display boundless energy and intense commitment which keeps the ethos of our school shining brightly.

Each morning, we are born again. What matters the most is whether we have given our best today. As our team believe in doing the work with the intention and not because of compulsion.

With warm wishes,

Mrs Indu Puri,

Principal (KV AFS Memaura, Lucknow)

Creativity is the key to success in the future, and primary education is where teachers can bring creativity in children at their level.

MESSAGE FROM HEAD MASTER

This E- Newsletter is the mirror of the various activities of our school performed under the common minimum program (CMP) of the Primary Section. The co-curricular activities under CMP gives so many opportunities to the students and teachers, as a result of which they make the learning process interesting and permanent. To meet the challenges during this Corona pandemic, our teachers are using various types of Information technology like Google classroom, DIKSHA APP, YOU TUBE etc. to develop advanced level learning in students so that they can develop creativity, communication skills, decision-making skills and thinking ability.

After NEP guidelines we are practising art integrated learning which is also interesting and knowledgeable. Students with the help of parents, elders and teacher's guidance are performing very well in both curricular and co-curricular activities. I am sure that they will continue their enthusiasm like this in future also.

Dear students and respected parents we have to combat against the disastrous pandemic caused by COVID 19. Let's sharpen all the weapons against it so that we can eventually emerge victorious. I convey my best wishes to the contributors and also to the editorial team for this creative endeavour."

Thanks and regards,

Mr. M.P.Dwivedi
